

To all the children who stay at Stone Bay School,

Thank you for spending time with me when I came to visit.

I came to see how well you are looked after when you

stay at school

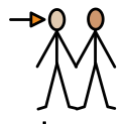

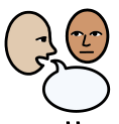

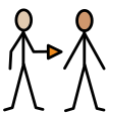

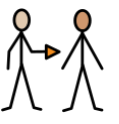

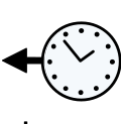

I could see the staff love looking after you.

They know you really well and they keep you safe.

There are lots of fun things to do, and staff help you

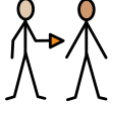

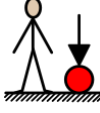

choose what you want to do.

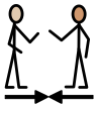

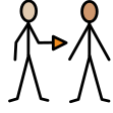

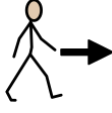

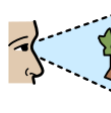

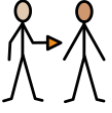

You are learning new things. The staff are very proud of you.

       
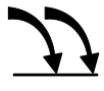

and they tell you when you have done well.

      
Martyn and the team are very good at working closely with

      
important people like your parents and social workers

     
I think its an outstanding place for you to stay.

       
It was lovely to meet you. I look forward to seeing you

   
when I visit again.

Helen
